MADONNA UNIVERSITY Library

Congratulations!

We would like to extend our best wishes to Lauren Jones and Meghan Schaffer. Lauren and Meghan were student aides in the library while studying in the nursing program. Their hard work has paid off. They are officially registered nurses and are currently working for St. Mary Hospital. We wish Lauren and Meghan the best of everything.

Database Spotlight:

American National Biography offers portraits of more than 19,000 men and women -- from all eras and walks of life -- whose lives have shaped the nation. More than a decade in preparation, the American National Biography is the first biographical resource of this scope to be published in more than sixty years.

As part of the Madonna University Library database collection, students, faculty, and staff have access to an exploration of American history through the lives of the men & women who shaped the nation. You can find American National Biography under the alphabetical listing on the Library Database page:
