

Printing or Saving the Search History in EBSCOhost

To access your search history, click on the **Search History** link below the search boxes on the results screen. To print your search history, click on the **Print Search History** link.

The screenshot shows the EBSCOhost search interface. At the top, there is a search bar with the text "child nutrition" and two additional search terms: "obesity" and "physical activity". The search results are displayed in a table with columns for Search ID#, Search Terms, Search Options, and Actions. The table lists three search results (S6, S5, S4) with their respective search terms and options. The "Search History/Alerts" section is visible, and the "Print Search History" link is highlighted.

If you need to post your search history to Blackboard, you have several options: 1.) Print the search history and scan it into a .PDF; 2.) Click the **Print Search History** link and copy and paste the search history into a Word document and either save the document as a .docx or .PDF file and post the document to Blackboard; 3.) If you are using a browser such as Google Chrome which prints .PDF files, then print the search history as a .PDF file and post it to Blackboard or 4.) Download the free Bullzip .PDF printer from www.bullzip.com and install it on your PC/laptop. Print the search history to the Bullzip printer which will create a .PDF document which you can then post to Blackboard. . **(Please note that if you print a saved search from your EBSCOhost account, you must rerun the searches in the saved search to display the result numbers for each search line.)**
